Renew Membership or Join the Club by December 31, 2006 for Chance to WIN \$50 Gift Certificate President Speaks

We elected five new council members at our November general meeting. They are: Jeff Coward, Teak Cummings, Ken Krivanek, Jerry Painter and Jo Ann Sherwin. Normally, we would fill four vacancies on the council but, due to a resignation from the council, there was an additional seat to fill with an unexpired term ending in 12/07. At the December council meeting, members will decide who will fill the four two year terms and who will fill the unexpired one year term. I would like to thank everyone who stepped forward and volunteered to run for the open council positions.

On another note, we have reduced the cost of printing and mailing the newsletter by reducing it from six to four pages and by utilizing a bulk mailer. Although we have already reaped some savings from these moves, we initiated them too late in the year to prevent us from having a cash shortfall in December when we have to pay for the library meeting space for 2007. So we are encouraging everyone to renew your membership before the end of the year. To do so, you can either print a membership application from the club's website, www.idahoalpineclub.org and mail it in or you can renew at the December general meeting. Just to sweeten things up a bit, we will enter the name of anyone who renews or joins between now and the end of the year in a drawing for a \$50 gift certificate at Idaho Mountain Trading. The drawing will be at the January membership meeting. We still want you to come and eat and socialize with other members even if you've already renewed, so you must be present at the drawing to win. And don't forget to invite a friend. Bob Tyler

Free Maps Now Include

Teton Basin Ranger District:

New color topographic maps covering the Teton Basin Ranger District are available for download from the Palisades Ranger District (<http://www.fs.fed.us/r4/caribou-targhee/caribou-targhee/palisades/maps.shtml>) and Caribou Targhee NF web sites. An index map is provided showing 10 maps that cover the both the Palisades and Teton Basin Ranger Districts at a scale of 1:112,500. Essentially all the trail data for the Teton Basin is based on GPS data collected by the Forest Service. The Teton Basin maps issued in September covering the Big Holes were based on "corporate trail data" which had now been replaced with much more accurate and current GPS data. The maps show contours, shaded relief, road and trail numbers, vegetation, boundaries, and distance between trail intersections. The trails are color coded to show authorized trail use: ATV, motorized, non-motorized and non-mechanized. Each map must be downloaded separately but they can be pasted together to form one large map. Hard copies of these maps are not available from the FS.

As announced before, there are also 12 more detailed "Specialty Maps" maps covering featured trails in the Palisades Ranger District. Similar maps covering the Teton Basin District are not available. These maps are at a scale of 1:50,000 with shaded relief and are detailed enough to replace USGS topographic maps in most cases. Coordinates of trailheads and key intersections are provided. Since the files are large, a high speed internet connection is needed. The Palisades Ranger District Office has a limited number of hard copies of the detailed maps.
