IDAHO ALPINE CLUB GENERAL MEETING

"Rafting the Grand Canyon"

WEDNESDAY, JANUARY 2, 2007, 7:30 PM

IDAHO FALLS LIBRARY

Rob Thornberry and Martin Moore recently spent 18 days ushering a raft down the Colorado River through the Grand Canyon. They put in at Lee's Ferry in late season on October 24, 2007 and took out at Diamond Creek on November 10, 2007. This meant their party of 4 rafts and 2 kayaks had shorter days and longer nights than they would have experienced during the height of the summer season, but they were rewarded with increased solitude because of fewer people on the river. The trip was a "do it yourself trip". Rob, the outdoor editor for the Post Register for the last 17 years, and Martin, a CH2M-WG Idaho LLC employee, along with the rest of their party, had to plan the trip themselves; from obtaining the rafts and organizing the equipment to planning the food and cooking their meals. Through their slides, Rob and Martin will convey the beauty and excitement of rafting the Grand Canyon so come and enjoy.

The meeting is open to the public and all outdoor enthusiasts are invited to attend. For more information contact programs@idahoalpineclub.org, log onto the club website at www.idahoalpineclub.org, or contact Bob Tyler at 787-2601.

President Speaks

While we are cognizant that some of our members are active participants in all types of outdoor recreation, the greater majority of our members participate in primarily silent / non-motorized sports. As a silent sports recreationist living in Idaho Falls, do you ever feel like you suffer from an inferiority complex? Have you noticed that the local shops catering to dirt biking, four-wheeling, snowmobiling and jet skiing enthusiasts are city block size affairs that dwarf the small shops that cater to our activities? Have you ever heard Jackson folks smugly refer to us as living behind the spud curtain as though we are infected with a potato nematode that makes us forever uncool? Ever notice that we lack a safe network of bike paths around our city, unlike Jackson, Ketchum and Boise?

If it feels like we've been relegated to mediocrity and irrelevance by virtue of where we live, it's time for a little self respect.

Along with Idaho State University's Outdoor Club and Teton Valley Trails and Pathways, the Idaho Alpine Club is one of the few silent sports outdoor clubs in the state and, unlike ISU's club, we sponsor monthly speaker presentations. We have climbing and boating members who can stand head to head with non-professional recreationists anywhere else in the country. Our community boasts one of the largest ski clubs in the country with a couple thousand members.

Idaho Falls has several organized weekly group bike rides in the summer months as well as an active racing community and a newly- formed group is addressing the bike path problem. So relax and take pride in what we have accomplished and anticipate a future that holds great promise for the kind of recreation we enjoy. Bob Tyler

XCSkiing / Snowshoeing

Contact the Withams 520.1728 or, xcski@idahoalpineclub.org for trip information, meeting location, and to sign up to go on a scheduled trip, unless otherwise indicated in the trip descriptions. Additional trips to be added during the winter depending on conditions.

January 5 XCSki: Brimstone: The trailhead is a Park-n-Ski area and is located ¼ mile north of the Island Park Ranger Station near Ponds Lodge Resort. There are four large loops that are classified as beginner to intermediate. The terrain varies from gentle grades to downhill runs through tree groves. There are nine miles of trail in this area and offer views of the Island Park Reservoir, Box Canyon, and the Buffalo River.

January 6 XCSki/Harriman State Park: Meet at the park to Classic or skate ski the over 10 miles of groomed trails at Harriman State Park. Day pass is \$2 plus parking fee approx. \$3.

January 26 XCSki/Kelly Canyon Nordic Ski Trails: Meet at 10:00 A.M. at the Kelly Canyon Nordic Skiers Parking Lot. We'll also visit Heise Hot Springs after skiing if there is enough interest. To sign up to go on this trip, call: Bob Tyler, 787-2601.

February 17 XCSki/Harriman State Park: Meet at the park to Classic or skate ski the over 10 miles of groomed trails at Harriman State Park. Day pass is \$2 plus parking fee approx. \$3.

March 9 XCSki: Ricks Basin: Depending on conditions we will skate or XC ski on the groomed Nordic trails at Grand Targhee Resort. There are 10 miles of groomed trails that range from beginner to advanced. Day passes are \$10 for adults and \$5 for seniors or children.

March 15 Snowshoe/Teton Park: Snowshoeing in Teton Park in the winter is an excellent time to see wildlife and/or signs of wildlife in the snow. Join us on a late winter trip in to Phillips Lake or Bradley Taggart or maybe Signal Mt. Area. Park entrance fees or Park pass may be necessary. Plan to eat in Jackson afterwards.

PARK 'N' SKI INFORMATION

While we all would prefer to ski free, Park N' Ski permits have financed much of the cross-country skiing development in Idaho during the past several years. Purchasing a pass provides a funding source for ski clubs and agencies interested in maintaining and developing cross-country skiing facilities. Services offered to skiers vary from year to year depending on volunteer support, donations and revenue generated through the sale of Park N' Ski permits. Poor snow years and no support of the program often translate into low income, thus reduced services. When you purchase a \$25 annual permit, or a 3- day temporary permit for \$7.50, the money is dedicated by law to be used exclusively for improving cross-country skiing opportunities. When skiers purchase a permit, they are asked to designate a specific Park N' Ski area they would like to see improved.

For more information about the Park 'N' Ski Pick up a guide at one of the permit sellers in Idaho Falls, Pocatello, or Island Park. Two of the permit sellers in Idaho Falls are:

Eastern Idaho Visitor Info 505 Lindsay Blvd Idaho Falls 523.1012

Please note: Ponderosa and Harriman State Parks are no longer apart of the Park N' Ski program. These parks provide Premium Nordic experiences and are subject to Premium Nordic Ski Grooming Fees.

The US Forest Service Ashton/Island Park District plans to continue grooming all the ski trails at Buffalo/Brimstone, Bear Gulch/Mesa Falls and Fall River Ridge on a weekly basis depending on snow conditions.

Bear Gulch/Mesa Falls – Last year a new trail was established between the Lower Falls and the snowmobile trail leading to the Upper Falls. The new trail is on the east side of the main snowmobile trail and was established because snowmobiles were routinely trashing the set tracks along the canyon rim. To find the trail, leave the south entrance to the Lower Falls scenic overlook and cross the snowmobile trail by the large entrance sign.

Many that ski the canyon rim to the Lower Falls return to the Bear Gulch parking lot via the snowmobile trail because the return loop has been hard to find and has sometimes been trashed by snowmobiles. A couple of years ago the Forest Service rerouted loop 2 from the Lower Falls view area through the campground (the trail initially follows the road through the campground). This makes for a much more pleasant ski.

For a few years, the return route of Loop 1 has been difficult to follow: it was poorly marked and blocked by trees. This year volunteers cleared and marked this trail so it can be skied on the return and making it much more preferable to the snowmobile trail.

Fall River Ridge - A work party recently cleared and marked Loop 3 at Fall River Ridge and it currently has the most snow around, 6 inches as of November 28.

Brimstone/Buffalo River – The trails were at least partly cleared by a Forest Service fire crew this year. There are no changes, but if you haven't skied the Buffalo River Loop, check it out. It is on the east side of the highway and starts from the Island Park Forest Service Office parking lot. It is a winter interpretive trail, easy to ski and great for kids.

East Idaho XC-Ski Guides & Maps

Kelly Canyon XC Ski and Snowshoe trails are included in the new black and white Kelly Canyon Nordic area brochure that will be available locally and at the trailhead. A full color version of the current map can be downloaded from the IF Ski Club's web site, www.ifskiclub.com. Another new feature at Kelly is the large parking lot and permanent toilet at the Y-Junction which were provided under a grant request approved and funded by the Idaho Department of Parks and Recreation Off Road Motor Vehicle Fund. Trail Etiquette & Safety

- Be considerate of other traffic on all trails.
- Yield to skiers on a downhill run.
- Make every effort to clear the trail if you stop or fall.
- Do not walk or snowshoe on either skier set or machine set ski tracks on marked ski trails. Note: Skiers may choose to skin up or run down a snowshoe track that is marked or may even parallel a ski trail to avoid breaking trail but that is their choice.
- Ski under control always; avoid trails that are beyond your ability.
- Register your trip at the trail sign-in locations; use trail maps and signs to plan your trip.
- Let someone know where you will be and when you expect to return before leaving town. Then stick to those plans.
- Ski with a partner, especially on the ungroomed trails and back country ski runs.

- Make it a habit to carry the 10 "E's"; extra gear, water, snacks, flashlight, a compass and or a GPS (with extra batteries), trail or area maps, a cell phone (very poor reception if any except for on the ridge tops in most areas), and fire starting tools, even on short trips.

- Be aware that trail conditions can change greatly with changing snow, trail and weather conditions.

- Watch for and yield to trail grooming equipment.

- Keep your dogs under control (leash or in your immediate line of sight) and off of groomed tracks, and clean their refuse from the trail. Remember even other dog lovers do not care for someone else's dog showing up unsupervised, ill mannered, and leaving refuse in the trail.
