IDAHO ALPINE CLUB GENERAL MEETING

"MAGIC MOMENTS"

NOTE THE NEW MEETING TIME DUE TO LIBRARY POLICY:

WEDNESDAY, JANUARY 6, 2010 @ 7:00 PM

IDAHO FALLS LIBRARY

Jackson, Wyoming resident Darrell Miller has two passions: snowboarding and movie making. For the past nine years, he has indulged these two passions by making a movie each year showing friends having fun doing crazy things involving skis and snowboards at Jackson Hole Mountain Resort and environs.

This year's movie, "Magic Moments", premiered at the Snow King ballroom in Jackson on November 13 to an enthusiastic crowd with part of the proceeds from admission going to benefit the Bridger Teton National Forest Avalanche Center. Miller spent about 1000 hours earlier in the fall assembling the footage and music that comprise the hour long movie. The enthusiasm of Miller's skiers and boarders, who do what they do for the love of it and not for pay, is infectious as they huck themselves off cliffs and plunge down narrow, rocky couloirs with helmet mounted cameras that give the viewer a visceral feel for what it is like to become airborne and then nail a landing. Miller's movie memorably portrays the passion that these skiers and boarders have for their sport.

In addition to viewing Miller's movie, we will also have a short by Alta resident Brandon Gust of longboarding on Ski Hill Road. If longboarding is a sport new to you, and it probably is, suffice it to say that it is a surprisingly graceful endeavor that involves a hill, wheels and no brakes. EEEEEEEK!!!!

To learn more, come to the meeting and check it out.

The meeting is open to the public and all outdoor enthusiasts are invited to attend.

President Speaks

Fifty years! That's how long the Alpine Club has been active in Idaho Falls. To celebrate lets all support the club and sign up for a trip this year. If you don't see a trip you like you can always lead a trip yourself, just contact the activity coordinator for details. If you don't see the activity listed contact a council member and maybe we can add your activity to the list. Canoeing, scuba diving and caving have all come and gone over the years. All we need to bring them back or add new ones is an individual willing to lead trips. Participation is what makes this club great so get involved.

Mark Whitham

January 9 XCSki: Brimstone: The trailhead is a Park-n-Ski area and is located ¼ mile north of the Island Park Ranger Station near Ponds Lodge Resort. There are four large loops classified as beginner to intermediate. The terrain varies from gentle grades to downhill runs through tree groves. There are nine miles of trail in this area. Bring binoculars. We'll meet at Pond's Lodge for breakfast and then XCSki with the Idaho Falls Audubon Society to participate in the Winter Eagle Count after breakfast. Dress warmly as we will be stopping to spot birds, be sure to bring binoculars, and learn a what other birds are wintering in the area, in addition to counting the eagles. There will be plenty of opportunities to learn from experienced birders about the birds. This is Idaho State Parks and Recreation's Free Ski day.

January 10 XCSki or Snowshoe at Harriman State

Park: Meet at the park to Classic or skate ski the over 10 miles of groomed trails at Harriman State Park. Effective January 1, 2010, Harriman's Day pass is \$4 per skier, plus parking fee is \$5.

January 17 XCSki Ricks Basin: Depending on conditions we will skate or XC ski on the groomed Nordic trails at Grand Targhee Resort. There are 10 miles of groomed trails that range from beginner to advanced. Day passes are \$10 for adults and \$5 for seniors or children.

Idaho Falls XC-Ski Locations – (according to the Post Register) Given enough snow, two parks in Idaho Falls are groomed for cross-county skiing. Freeman Park and Tautphaus Park are open to skiers daily. Some of the other parks in town occasionally are groomed, but usually will have skier set tracks.

Additionally, on Fridays, Saturdays and Sundays, Sand Creek Golf Course will be open for XC-skiing for a \$1 fee.

If you want to snowshoe in any of the parks, stay off the groomed tracks.

Check with us on weekends that are not scheduled in advance. Even on domestic weekends we usually will go over to one of the parks to skate or classic ski or snowshoe with the dogs.

Park N' Ski Areas The US Forest Service Ashton/Island Park District plans to continue grooming all the ski trails at Buffalo/Brimstone, Bear Gulch/Mesa Falls and Fall River Ridge on a weekly basis depending on snow conditions. Parking at Park N' Ski areas requires a \$25 permit that is available from several locations including Forest Service offices, the IF Chamber of Commerce and Idaho Mountain Trading Company. Please note that Harriman State Park is not a Park N' Ski permit area and requires separate parking and grooming fees (see Harriman).

Harriman State Park – from Keith Hobbs

Please note that Harriman is a Premium Nordic area and special fees apply. The Idaho Department of Parks and Recreation Board approved Nordic Ski fee increases for Harriman and Ponderosa State Parks. Beginning on January 1st, 2010, fees for winter use at both parks will be \$5.00 per car and \$4.00 per skier. Annual passes are available for both fees and provide considerable savings to skiers who frequent these parks. These winter access fees are used to cover the rising cost of grooming and snow removal.

For the first time, with the cooperation of the Caribou-Targhee National Forest, Harriman State Park will offer a "Dog Friendly" ski trail, leaving the Harriman parking area and traveling approximately 2.5 miles on national forest lands. While on Harriman State Park, dogs will require a leash and must be directed to the new trail on forest lands, across Green Canyon Road. Harriman State Park fees also apply to this trail. Be sure to be responsible canine citizen owners by keeping control of your dog so it doesn't run up and jump on small children or entangle those who keep their dog on a leash. Also by picking up the brown klister that no one else really wants to scrape off the bottoms of their skis.

E. Idaho XC-Ski Guides & Maps

Five hiking trail maps covering trails in the Teton Ranger District are now on the Alpine Club web site. Four of the trails are in the Jedediah Smith Wilderness (Bitch Creek area, Leigh Creek area, Alaska Basin and Table Mtn, Moose Creek & Taylor Mtn) and the 5th covers the Pine Creek area. Also there is a map of the Ashton Tetonia trail which is scheduled to become a State Park in the spring although can be ridden now. It will be a summer season non-motorized trail on the old rail bed, 30 miles long with one detour. Snowmobiling is allowed on the trail which has been funded in part by the Idaho Parks and Recreation Off Road Motor Fund. All the bridges will be completed by December, and the Tetonia trailhead is complete. Next spring the bed will be improved in places and sometime a trailhead in Ashton will be established.

Black and white Kelly Canyon Nordic area map brochure will be available locally and at the trailhead. A full color version of the current map can be downloaded from the IF Ski Club's web site, www.ifskiclub.com. These and additional area maps are available on the Idaho Falls Ski Club Website:
