General Club Meeting

Held at 8:00 p.m. on the first Wednesday of each month, normally in the large meeting room of the Idaho Falls Public Library. NO GENERAL MEETING IN JULY.

Membership Fees

Full year:
Individuals: \$20
Family: \$25
From July 1 - October 1
Individuals: \$15
Family: \$20

After October 1, the payment of full year fee applies to the following year. Full-time students (18 or older) and seniors (65 or older): \$5 off the above fee schedule.

Council Meetings and Bulletin Deadline

Any interested member is invited to attend.

Materials for the bulletin are due by the weekend before the council meetings. Please send material to the bulletin editor at 2188 St. Clair Road, Idaho Falls, Idaho 83404 or by email to rener@srv.net

ANNUAL POTLUCK PICNIC

August 1, 2001 @ 6:30 PM

201 Commons Road - Barbara Brown's home

See inside for map and more details!

President Speaks

Hi everyone! If you aren't already having enough trouble deciding what to do...even more trips have been added to the calendar so be sure to check them out. For those who can't make one of the scheduled trips or it's too late to post one in the bulletin: Don't forget that for several years now, the IAC website has featured mailing lists for the different activities so you can send an email out to everyone who has indicated interest in that activity to find someone to share the activity with. Membership in a separate e-group is not required to utilize any of the lists and the email addresses are blind so spammers can't obtain them. Check out this great feature at www.idhoalpineclub.org. Our webmaster tells me that the feature has not been used very much in the past few years but hopes that it will be put to good use in the future.

Mark your calendars for the National Crags Day Event at the City of Rocks on September 8. Access Fund promotes this annual event nationwide and arrangements have been made for the IAC to participate with it's own event scheduled this year. The ability to work hard for a few hours is all that is required (plus work gloves, safety glasses, and hi top sturdy leather boots).

Have a great summer and don't forget the annual potluck picnic on August 1.

See ya out there!!

Donna

Idaho Alpine Club Meets in Boise Too

Typically meets first Monday of each month at REI, 6:30 PM. Call 208.336.8421 or see website for meeting information. Outings have included rock climbing, hiking, backpacking, skiing, and snowshoeing. Group trips often center around the Sawtooth Mountains, Idaho City area, Owyhees and of course the Boise mountains. Watch the schedules in the bulletin and on the website for upcoming events for all IAC members to take part in.

IAC Council Minutes - June 26, 2001

Present: Jeff Coward, Garney Hardy, Donna Whitham, Leon Wolfram, and George Cole

Treasurer's report:

10 E's Continued:

General fund: \$4306

Rafting fund: negative balance of \$306

Expenses: \$580 including remainder of WFA refunds, web site setup, bulletin, program, PO Box

Current membership: 136

Reminders from the treasurer!

Club memberships collected by trip leaders or individual members should be delivered promptly to the treasurer.

Advance notice of major purchases is required from coordinators to prevent future cash flow problems.

Agenda topics: There was no further information on any equipment updates. The printer we had been using for printing the bulletin closed, and Rene researched other printers. The decision was made to go with Zippy Print. The IAC will not have a booth at the Wild Idaho expo in Blackfoot, but we will try to place brochures on a table with one of local outdoor businesses. The annual picnic will be at Barbara Brown's. Council members and other members are asked to help setup and clean up.

New business: Cake and mud pie feeding frenzy to help Garney celebrate her birthday on council meeting nite!!!

Next council meeting will be at the Adkison's new house on August 28.

The 10 E's

Think Ahead & Enjoy the Outdoors Safely

Now that we are really getting into the summer season and planning to go on every exciting outdoor activity that we can possibly sign ourselves up for, are we remembering to think about safety? That includes the proper gear for the activity, whether it is climbing / mountaineering, hiking / backpacking, or water sports? That gear should be inspected every season and in good repair for use or replaced.

What about the essentials? Do we know what the "10 E's" are and do we always take them with us? Punting them to "travel lighter" could mean you could be really miserable or could mean your life sometime. For example, try to imagine how long could you scream for help, when you could have

had a little whistle with you, that would last a lot longer than your vocal cords. Or ever try hiking down a steep 1700 foot scree slope in the dark without a headlamp? Same thing for extra food, water/with a backup water purification method, raingear for our predictable Idaho weather, extra clothing, matches, a compass, a map, sun screen, sunglasses, a small first aid kit, a pocketknife, and some sort of shelter, even a large trash bag. There are other things that we could carry and be even less miserable but are not that essential.

Do we know how to use a map and compass? Have we taught our kids that if they suddenly realize they are by themselves on the trail or elsewhere, to hug a tree and stay put?? Do we wait at trail junctions for the slower folks with us and give them a chance to rest, when they do catch up with us? Have we ever taken a first aid course, a CPR course, or a wilderness safety course? If we have taken those courses, have we kept our certifications up to date? When we leave on a trip into the outdoors, do we let someone know where we are going and when we plan to return?

Have a good and safe summer.

Winter Wildlands Alliance

The Winter Wildlands Alliance is an alliance of individuals and groups, of which the IAC is one, which is working to resolve skier/snowmobile conflicts and protect x-c skier interests. They are planning an outreach campaign for this fall which will highlight eight regions around the country experiencing skier/snowmobile conflicts and compile these areas into a report, emphasizing that this is a national problem. They will then expend energy into receiving media placement in national newspapers, magazines, television news programs, plus local and regional media. They need grassroots involvement and input. If you are interested in being involved in this campaign and possibly being a contact for reporters, please contact Sally Grimes at 208-336-4203 or sally@winterwildlands.org.

Website News

The club's new web site is now up and running under the new URL, so be sure and update your bookmarks to <http://www.idahoalpineclub.org>. The site is updated at least monthly with information about latest planned activities. The web site also includes a lot of other useful club information such as: meeting notices, contact information for council members and activity coordinators, area retailers offering discounts to club members, and outdoor gear available to members for borrowing or renting. In addition, the club website is host to the following features:

Club email addresses - Several club email addresses have been established for conveniently corresponding with council members and coordinators. They are as follows:

Club President: President@idahoalpineclub.org

Bulletin Editor: Editor@idahoalpineclub.org

Backpacking Coordinators:
Backpack@idahoalpineclub.org

Dayhiking Coordinators: Dayhike@idahoalpineclub.org
Boise Coordinator: Boise@idahoalpineclub.org

X-Country Skiing Coordinator:
XCSki@idahoalpineclub.org Historian:
Historian@idahoalpineclub.org

Webmaster: Webmaster@idahoalpineclub.org

General inquiries for information about the club:
info@idahoalpineclub.org

Activity coordinators and other club officers who would like a club email address or further information about this service should contact George Cole at the phone number or email below. Club email accounts can be set up as physical mailboxes accessible via your browser (e.g. Netscape, Explorer) or other email clients (e.g. Eudora and Outlook), forwarded to your personal email account, or both. Extensive anti-spam filtering capability is available to minimize unwanted email.

Common Adventure Release Forms - Leading a trip? Need a Common Adventure Release Form? This form can be downloaded from the club web site. The form is in portable document format (PDF) and can be easily read and printed out for your use. This format eliminates the need to adjust your printer settings to match the graphics resolution as was the case with the old format. You'll need to install Adobe's free Acrobat Reader to view and print the file if you have not already done so. Further

instructions are on the web site (click on "News & Info"

Membership Applications - Joining the club or renewing your membership? Membership applications can be downloaded from the club web site. The application is also in convenient PDF format. Click on "Membership" to obtain the form and other membership information.

Mailing lists - Seven club mailing lists are accessible from the website (click on "News & Info", then "Mailing Lists"). It is hoped these mailing lists will be useful for such things as contacting club members about your "last minute" trips that didn't quite make the Bulletin deadline, meeting reminders and announcements of special events and news of interest to club members. Email attachments (such as photos and documents) may also be distributed via the mailing lists

The mailing lists are grouped according to the various interests of club members. Mailing list topics include Backpacking/Hiking, Water Sports (e.g. rafting, canoeing, kayaking), Climbing, Snow Sports (e.g. skiing, snowshoeing), Bicycling, Boise-based Activities, and Conservation and Trail Maintenance. Members that indicated their activity preferences and email addresses on their membership applications have been automatically subscribed to the corresponding list. Non-members may also subscribe to the list. Every effort has been made to guard your email address from disclosure and email-harvesting web robots that are often the source of SPAM or unwanted email. However, should you wish not to be included on the mailing list(s), contact George at the phone number or email below and you will be promptly removed. Additionally, instructions for unsubscribing from the mailing lists are on the web site and are appended to every mailing list message. Recipients of email sent via the club mailing lists may respond directly to the sender by simply replying to the message. Replies are sent directly to the message originator and are not posted to everyone on the list.

Classified Ads - Selling used equipment? Looking for a bargain? You can post a classified ad on the club website (click on "Classifieds"). Your ads that appear in the club bulletin will be automatically included in this section of the club website, or you may post your own classified ad. Classified ads automatically expire thirty days after they are posted.

As always, if you have any suggestions, comments, constructive criticism and/or compliments about the club website, contact George Cole at 522-4084 or email: Webmaster@idahoalpineclub.org

then "Release Forms").

Day Hikes ~ 2001

August 5 ~ Snake River Mts. - Little Elk Creek and Mt Baird

Located above Palisades Reservoir in the Snake River Mts this hike is relatively steep with an elevation gain of 4,105 feet in 4.5 miles. The scenery from the summit is impressive to say the least. Bring the 10 "E's" and your binoculars. 524.6119 or dwhitham@srv.net for more details and to sign up.

Backpacking ~ 2001

July 21, 2001 - Death Hike

Three choices from the Grandjean trailhead: 18, 42, or 30 miles, the last being mostly cross country; we're heading to the Grandjean campground early PM on Fri., 7-20 to reserve a campsite and get ready for the wee hours start; for details contact Mike or Debbie Allen at 384-1545 or mjallen@micron.net

July 21 - 22, 2001

Woman's Only Backpack Trip II

Leave the guys to their own devices for the weekend and go on another "Chick Trip." Teton Canyon and Table Mountain on the west slope of the Tetons. We will camp at the base of the cirque below Table Mountain on Saturday. Sunday morning we will hike to Table's 11,106 foot summit. Total elevation gain is 4,151 feet and round trip mileage is 12.4 miles.. This is the second of the two womans trips we plan to do this summer and is a more advanced trip. 524.6119 or dwhitham@srv.net for more details and to sign up.

Lee Metcalf Wilderness ~ West Fork Beaver Creek Backpack - July 21 - 22, 2001

Non gender specific trip up the west fork of Beaver Creek in the Madison River Range of Montana. Moderate terrain, 4 - 5 miles, and approximately a 2,000 foot elevation. 524.6119 or dwhitham@srv.net for more details and to sign up.

July 26-29, 2001

2001 Hot Springs Challenge

How many hot springs can you visit in a weekend? George has issued this challenge on his web site, Idaho Hiking and Hotsprings <http://www.srv.net/~hockey/hotsprings>, and will be making an attempt at an "official" record. The plan is to camp overnight at or near Goldfork Hot Spring near Cascade, ID. Then to begin the challenge at Teapot Hotspring Friday afternoon. We'll dip in as many springs as we can find, finishing up Sunday afternoon somewhere near Atlanta, ID (hopefully). There's a potential to experience over 40 hotsprings on this trip. This is primarily a no-frills car camping trip and simple summertime meals fresh from the cooler are appropriate. Most of the hot springs along the planned route are roadside dips. If you can't make the entire trip, feel free to join us along the way. Call George Cole at 522-4084 (or email:hockey@srv.net) for more information and/or sign up.

August 10 - 12

Wind River Mts. - Green River Lakes Backpack

Enjoy the spectacular scenery including an impressive view of Squaretop above the upper Green River Lake. Help set up a shuttle for the week long trip participants and hike on the Highline Trail in the rugged Wind River Mountains to Green River Lakes with us. Complete the loop back to the trail head on Sunday by hiking on the Porcupine Trail. 524.6119 or dwhitham@srv.net for more details and to sign up.

August 10 - 19, 2001

Wind River Mts. - Highline Trail Backpack

Hike the Highline Trail in the rugged Wind River Mountains, climb Squaretop, and enjoy some really spectacular scenery along the way. The plan is to go in at Green River Lake and come out at Elkhart Park. We will be camping at the trail head on Friday nite, setting up the car shuttle early Saturday morning, then hiking to Green River Lakes to spend the first night. The rest of the itinerary is to camp below Squaretop Sunday, layover day Monday to climb Squaretop, camp at Summit Lake Tuesday, Elbow Lake Wednesday, Lower Jean Lake Thursday, Island Lake Friday, Little Seneca or Hobbs Lake Saturday, and back to the cars at the Elkhart Park trail head on Sunday. Party size is limited to 12 for the trip. The rest of us arrived at the hot spring just as two horsemen were leaving. After relaxing in the warm water to work out the muscle kinks with the help of a backcountry happy hour, it was time for the

trip so sign up early. 524.6119 or dwhitham@srv.net for more details and to sign up.

January 18 - February 9, 2002

Climb of Kilimanjaro (19k) in Tanzania, Africa 3 wk trip: 1 wk for travel; 1 wk for climb; 1 wk for safari; mandated park fees/guides/porters push up cost - est. total trip cost pp = \$5000; There are now 4 people committed; we are going to book our trip shortly, so if you want to go: contact Mike or Debbie Allen at 384-1545 or mjallen@micron.net

Bear Creek Hot Spring - Trip Report

On Saturday June 9th, George, Bruce, Lisa, Linda, Kristen, Lori, George's llamas (Alfie, Snowball, and Cicero), and Trixie (George's dog) hit the trail for for the seven mile hike to Bear Creek Hot Spring. Linda, who was out for a shorter hike this day, turned around at the halfway point to seek out a shady lunch spot before returning home. The remainder of the party continued on.

The five fords of Bear Creek were easier than in most years with the low water conditons we are experiencing, although the 860 foot climb up the hill was as tough as it has always been. As we slowly ascended the final grade up the ridge, I noticed Lisa indulging in a bit of self hypnosis. As I passed her, I heard her quietly saying to herself "I like this hill, I like this hill.....". It must have worked as she arrived at the hot spring smiling and looking no worse for the wear. Bruce and Kristen were the first to arrive at the hot spring despite spending a good half hour taking in the view overlooking the valley at the top of the ridge. Bruce's hiking pace was quicker than usual because he decided to let the llamas carry his gear this time out. I discovered that to keep up with Bruce, I'll have to make sure he's loaded down with his traditional 50 lb. pack! Kristen was able to meet his pace, but I suspect that is mainly attributable to her youthfulness.

girls to head back home. Bruce and I re-supplied them with a few forgotten essentials (water, moleskin, Teva's and flashlights) and watched them head back down the trail. Bruce and I enjoyed a

tasty dutch oven beef stew as we wondered if they would make the seven mile hike to their car without mishap. The next day as Bruce, the animals and I hiked out we theorized the girls must have reached their car as we didn't notice any familiar bodies beached out along the trail, nor anyone hitching a ride. (We learned later that they arrived back at the trailhead navigating with the aid of the flashlights they borrowed). - George Cole

Gormer Canyon -Trip Report

On Saturday, June 16th, the Wickhams (Bruce, Lori and Michael), Paul Worth, Garney Hardy, Rob Jones, Kristen Kinjo and her sister Kathryn, Linda Petersen, my two sons Alex and Zeke, their friends Bryce and Aaron Taylor, dog Trixie, and llamas Alfie, Snowball and Cicero met at MacDonald's on Yellowstone Highway and took off for Gormer Canyon. Gormer Canyon is located along the South Fork of the Snake River east of Heise Hot Springs in the heart of the south fork canyon. This area of the South Fork is one of the north's popular bald eagle wintering areas but we were too late in the season to see any. We arrived at the trailhead in Black's Canyon before lunch, packed up and hit the trail, with the kids taking off ahead.

The trail starts at Black Canyon immediately crossing a small ankle-deep stream. The Forest Service sign gives the distance to Gormer Canyon as 2 miles, but the topo map and 1-1/2 hour hiking time suggest it is closer to three miles. The trail is mostly shaded by the forest and follows the river for the most part, although river access is limited. It first gently ascends a few hundred feet (vertical) before switchbacking down to the river. At the top of the hill there is a marvelous view of the Snake River as it winds through the canyon. After switchbacking down to the river, the trail wanders through the forest above the river offering glimpses of the water through the underbrush. At about two miles the trail moves away from the river and climbs again over a low pass before descending to the wide sage and grass covered Gormer Canyon. A short side trip at the top of the pass overlooks

the river. Once you reach the bottom of Gormer Canyon, follow the cow path toward the river. A BLM designated campsite lies along the river, with plenty of space 20 feet above the campsite to set up additional tents out of view from passing floaters.

The top part of the canyon showed evidence of having been grazed many years before, but the lower canyon along the river has been fenced off and is ungrazed. From the overturned rocks in the canyon, it was evident that a bear had recently preceded us. After resting in the shade, lunching and re-hydrating, Linda, Kristen and Kathryn headed back to Idaho Falls. The remainder of the crowd relaxed in the shade while Alex, Zeke, Michael, Bryce and Aaron busied themselves along the riverbank and looking for caves along the canyon walls. Trixie took an interest in a rattlesnake that escaped harassment by crawling under a rock. While the kids played the adults all gathered around the kitchen for an extended happy hour, shared jokes and stories and prepared dinner. George whipped up a delicious fruit cobbler in the Dutch oven which we all enjoyed later.

As it was getting dark, the adventurous boys climbed the canyon walls with flashlights in hand to explore the cave they discovered earlier. Scrambling up the canyon side hill, they dislodged a few rocks, some of which came to rest a safe 50 feet from camp. The next morning we all crawled out of the tents one-by-one, made breakfast and lounged around before packing up the gear and heading for home. The weather this weekend was very accommodating with lots of sunshine, but a little too hot for my taste. Saying "goodbye 'til next time", we climbed back into our cars, returning to Idaho Falls around 4pm. - George Cole

Climbing ~ 2001

This schedule can be somewhat flexible in terms of the routes we choose and the difficulty of the climbs, depending on the level of the climbers taking part in each trip. The trips to Smith Rocks, Massacre Rocks, and Thursday night climbs will provide good opportunities for less advanced climbers to practice technique and learn more about rock climbing protection and placement of gear.

Aug 3-5 Tetons - Various Day Routes

There will probably be other climbs or hikes not on this schedule, as well as activities coordinated by others. Call Kurt Myers 522-5279 or Eric Peterson 529-9538.

Thursday Night Climbs

These are short, local-area climbing outings which take place every Thursday evening starting on May 31st. We leave at 6pm from the Yellowstone McDonald's parking lot, travel to the area, climb for 1 1/2 to 2 hours. The schedule details will be released before summer.

Thursday Night Climbing Schedule

<u>Date</u>	<u>Location</u>	<u>Leader</u>
July 12	Ross Park,	Peterson
July 19	Blackfoot	Peterson
July 26	Ross Park,	Peterson
August 2	Blackfoot	Peterson
August 9	Paramount	Peterson
August 16	Ririe Dam	Peterson
August 23	Ross Park	Peterson
August 30	Blackfoot	Peterson

National Crags Day Event At City of Rocks ~ September 8 - 9, 2001

Light trail maintenance and bolt work will be done at the City of Rocks with the Reserve's Trail Ranger. Afterwards we will spend the rest of the weekend climbing and hiking at the City. Everyone who is willing to do a bit of hard work before playing, is welcome to come out to help. We will be arranging for campsites for the first 12 to sign up. 524.6119 or dwhitham@srv.net for more details and to sign up.

Rafting ~ 2001

There will be sign up sheets at the meetings for the following day section trips. Other ideas for trips are welcome. The dates for these are somewhat flexible. We will be trying to obtain a canceled Main Salmon, or Middle Fork permit through the summer, which may take precedence over the day section trips. We also plan to do some weekend camping trips on the South Fork, below Palisades Reservoir this spring and in the fall, depending on the weather. Please contact Jim Lee (524-5836), or Greg Hulet (523-6199) for trip information.

Rafting Schedule 2001

July 18-22

Main Salmon near Shoup (Spring Creek campground), class III, or try for a canceled Main Salmon permit around this time.

August 8-12

Main Payette below Banks (Hot Springs campground), class III

August 25

Alpine Canyon, class II-III

Anyone interested in leading trips is welcome to contact us regarding these trips, or to post additional ones. Please contact us if you are interested in gaining captain experience, safety practice, or repair and rigging information.

Car Camping ~ 2001

With a 3 1/2 year old child and one six months old, Rebecca and I have had to change in our approach to the outdoors. If you are interested in exploring areas from a car base camp, we are looking for you. From years of backpacking experience we are planning on going to areas with no services, primitive (i.e. you must be self contained). We are looking at fishing, day hikes, hot pools as well as sitting on our bummies, and anything else that is of interest.

July 21-22 ~ Panther Creek and Horse Creek Hot Springs.

This area is near the Big Horn Crags. Our main goal here is the hot pool but there is also fishing and hiking. Contact Rebecca or Gaylon Lords at 538-6637

August 3-5 ~ Pahsimeroi Valley

This is a remote area with a warm hot pool on the way in. (good for kids who like to play with fish). We will be fishing, hiking and of course bumbie sitting. Contact Rebecca or Gaylon Lords at 538-6637

In June Paul Worth, Garney Hardy, Hannah, Lexi, Rebecca and Gaylon Lords had a pleasant trip into the Lost River range. We decided that weekends are just too short.

If you are interested in any of these or have one of your own contact Rebecca or Gaylon Lords at 538-6637. We will be planning one a month through October.

House For Sale by IAC Member

Cross country ski trails !!!
5 bedroom, 3 1/2 bath
Oak cabinets and trim
Italian tile floors
2 large, private decks
Built 2 years ago
3 miles to Willow Creek. office building

next meeting, contact Mark or Donna at 524.6119 to get

yours sooner.

IAC Website

Have you visited the Idaho Alpine Club's homepage at www.idahoalpineclub.org lately?

Have you tried the great interactive features that have recently been added to the site:

* An IAC CLUB BULLETIN BOARD where you can post information, announcements, ask questions, make comments, whatever you'd like. It's like our own club newsgroup!

A 'SHARE-A-LINK' page where you can link to WWW sites submitted by members. You can even submit your own favorite links and they'll automatically be added to the list.

* Looking for specific information on the site? - use the IAC SITE SEARCH feature to locate pages of specific interest
