IDAHO ALPINE CLUB GENERAL MEETING

"A YEAR IN THE LIFE OF A MOUNTAIN GUIDE"

WEDNESDAY, SEPTEMBER 7, 2011 @ 7:00 P.M.

IDAHO FALLS PUBLIC LIBRARY

Christian Santelices, a multi-lingual IFMGA/UIAGM certified guide, works as a Chief Guide for Exum Mountain Guides during the summer and teaches avalanche courses and ski guides during the winter. If you've been to Grand Targhee ski area during the last two winters, you may have seen the Teton Ice Climbing Park that he created on the cliffs near the parking lot. Christian's accomplishments include a first ascent on The Dream (VII 5.10 A4+) on the East Face of Cerro Escudo in Torres del Paine National Park in Patagonia as well as first ascents in the Sierra Nevada in California. With three friends, Christian climbed twenty of Steck and Roper's "Fifty Classic Climbs of North America" during a single 20 day period.

For this month's program, Christian has put together a talk about what it's like to earn one's living as a professional mountain guide. He will show slides of recent trips to Patagonia, the Swiss and French Alps, the Italian Dolomites, India, Peru and Ecuador. He'll also throw in a bit of skiing and ice climbing in the Tetons and Wind River Ranges. All are welcome to come and hear Christian's take on the guiding life and see what climbing venues his career has taken him to.

President Speaks

There was a good turnout for the IAC picnic at Sealander Park. The usual fare was present; burgers and hot dogs, with a number of tasty dishes brought by club members. Thanks to all who made the outing a successful and enjoyable event. Names were drawn and gifts were given out. The gifts were especially nice this year. With that in mind, the IAC officers give special thanks to 3 Peaks Outdoor Sports, Idaho Mountain Trading, Great Harvest, and Sportsman's Warehouse.

It is amazing how fast this short summer is passing. Before we know it, it will be gone and we will be back into winter and winter activities. So enjoy what is left of the summer by not putting off club and personal outings. I know the economy has put a damper on things, but short local trips and activities can more than fill the need to get out and/or travel. They are also inexpensive.

Remember, monthly club meetings resume at the Idaho Falls library in September. See you there.

Sam Pole

Bicycling

For bicycling information, evening or weekend club rides. contact Jeff Coward at 208.522.8135 or by email: bicycling@idahoalpineclub.org. Jeff has provided information on the club website, with dates and entry links, for some of the bicycle tours or races in the west. Look for the listing Bicycling 2011.

Tuesday Cycling - Possibly of interest to retirees, housewives or house husbands, shift workers, etc., is this year's continuation of the Tuesday morning "cycling events." These leaderless rides are usually 20-35 miles with shorter and longer variations. The rides are NOT sponsored by Alpine Club and are essentially self-supported. If you are not already on the bike e-list and would like to be, e-mail me at barbara.bike@gmail.com. I'll send you this year's tentative schedule and put you on the mailing list for weekly notifications.

Thursday Night Mountain Biking - The Snake River Mountain Bike Club wants to invite all riders, of all skill levels, to explore our areas wide range of trails. From the expert rider, to the beginner, Idaho mountains have something for everyone. Every Thursday night is group ride night. Danny Kelly has been doing this for years and has a great trail system for riders of all skill levels. Bikes must be in working condition, ready to ride. Each rider must have a helmet, water, storage and extra tubes for their bike. The location of the rides will be updated on this page and unless we have bad weather you can count on the ride taking place. Locations and meeting points vary so check in regularly to find out where and when. SRMBC updates its website on Tuesday for Thursday rides:

ATTENTION RIDERS: These rides are NOT sponsored by Idaho Alpine Club and are essentially self-supported. The SRMBC founders, or their sponsors are not responsible for injuries on rides or other group and private events. They are not responsible for bikes and or repairs of bikes. It is your responsibility to get to the rides and events and to come prepared for each event. (water, jells, spare tubes, hand pump, multi tool, etc.) You are responsible for yourself and those you bring.

Kelly Canyon Area Mountain Biking - As you hopefully know, cross-country mtn. bike riding has been prohibited in the Big Holes since 2008 which closed trails such as Buckskin Morgan Ridge and Pine Loop to biking. Biking is now only allowed on Forest Service designated trails and roads so in the Kelly area this means Hawley Gulch, Wolverine Creek and Lookout Mtn. ATV trails. To solve the lack of local biking trails, a group of retirees investigated, mapped, and cleared a whole series of trails on State lands just north of Kelly Canyon with the closest trailhead being 1 mile north of Morgan Summit. The State land is open to cross-country motorized travel but the trails don't seem heavily used, are relatively gentle in terms of grade, not rocky not sandy and more of a pleasure to ride than a challenge. However, the trails go everywhere; they are unmarked but for some flagging and it is very easy to get lost. Maps of the trails are now available on the Club web site (see Local Trail Maps) including one overview map and 3 maps showing suggested routes. Finding your way will be a challenge, even with a map and some flagging, so take a GPS or go with someone who knows the trails. Enjoy!
