

Council Meeting, Sept 13, 2007

The meeting was held at Garcia's restaurant with Jeff Coward, Teak Cummings, Jerry Painter, bob Tyler and Judy Williams attending.

Treasurer's report was read and approved - membership 97

Old Business

We decided that even though Mountainsmith was offering discounts the product they are currently selling is not good so we decided to pass on their offer.

The October program is set to be Gabe Rogel, a photographer, who will put on a program about backcountry skiing. The November meeting is our membership meeting and we need to make sure we can get St Lukes church for that - Teak said she would do that. Also, Teak will get the beverages purchased. Bob will encourage the Activity Coordinators to bring slides or an exhibit with photos if possible. For the December meeting we have Pete Oslund doing a slide presentation on his kayak trip to Alaska and January we have invited Senator Mike Crapo to talk about the Owyhee initiative.

We are canvassing our members and encouraging them to run for the council - we have 4 vacancies and 3 volunteers so far.

New Business

The council has reviewed the last 15 yrs of council meeting minutes and come up with a list of prior resolutions that have been passed - the list was passed out and discussed. We will type them up for the next Council to have.

Because our bulletins have been coming late, we think the deadline should be changed to the 10th of the month instead of the 15th - discussion was given to this and jeff said he would check into it.

Judy will bring treats for the Oct general meeting and the next council meeting will be at Teak's home.
